29 April 2010

Dear

This letter is being sent in response to your 12 April 2010 request to initiate an Equal Employment Opportunity complaint and investigation based on your polygraph experiences and clearance denial. Complaints regarding the administration of polygraph examinations are investigated by the Polygraph Division/Quality Assurance Staff. The investigations include a review of all materials generated during the examination, to include the video recording of the exam sessions, the physiological data, and the administrative records. If deemed appropriate, individuals involved in the administration of the exam are also interviewed, and the complainant is provided a written account of the investigation findings. If you wish to file a complaint with the Polygraph Division, please direct your complaint to the below address:
